

CUNY School of Law
Student Government
Meeting Minutes
Tuesday, Sept. 4, 2012

This meeting time is temporary.

Anyone can sit on any of these committees as long as they are in good academic standing.

Also, any student can have a vote in SG

Although the actual input that any one student can have on a particular committee is limited, it is important to have a student presence and voice as an advocate for our classmates

Kunal will contact the people previously involved in the building committee to begin a discussion about issues surrounding the new building (i.e., accessibility).

Student government attempts to meet once a week for about an hour every week. The only time that still fits for everyone seems to be SIT time – this is no good. Another option is every two weeks for longer during the evenings.
